

Irlam Group Practice

## Irlam Group Practice

| Patient groups  | Inadequate | Requires improvement        | Good        | Outstanding |
|---|------------|-----------------------------|-------------|-------------|
| People with long term conditions  |            |                             | <b>Good</b> |             |
| Families, children and young people                                     |            |                             | <b>Good</b> |             |
| Older people  |            |                             | <b>Good</b> |             |
| Working age people (including those recently retired and students)      |            |                             | <b>Good</b> |             |
| People experiencing poor mental health (including people with dementia) |            | <b>Requires improvement</b> |             |             |
| People whose circumstances may make them vulnerable                     |            |                             | <b>Good</b> |             |
