## About the Care Quality Commission

We make sure health and social care services give people safe, kind and very good care.

We also want to help services get better.

We check services in England to make sure they meet the rules about how good a care service must be.

## How we checked Fun and Breaks

We visited Fun and Breaks on 12 December 2013.

We asked carers and family of people who use the service what they thought.

We talked with staff.

We looked at people's care records.

We thought about what we learnt.

We decided what the people who run Fun and Breaks were doing right and what they were not.

# What we found out about Fun and Breaks

## What was good about Fun and Breaks

Before getting care or treatment, people or their parents were asked if they agreed to it first and their decisions were respected.

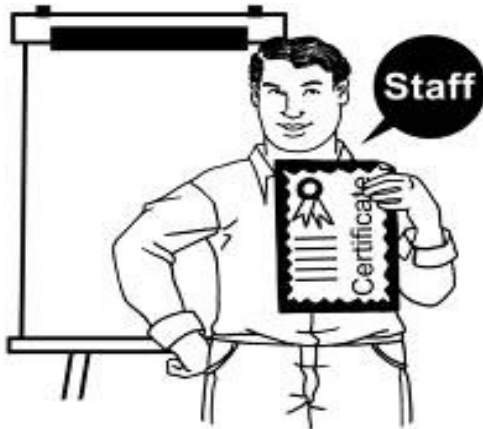

Care was planned and given in a way that made sure people were safe and looked after well.

People's care plans were up to date and person-centred.

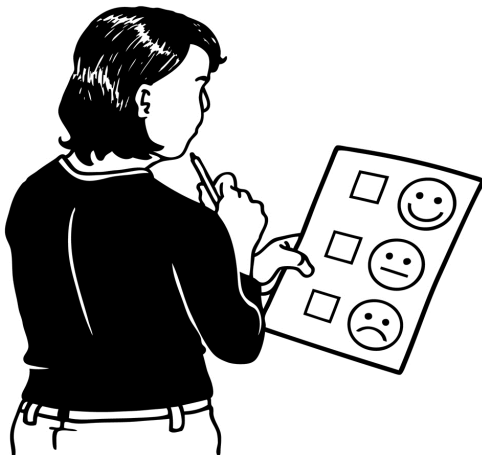

People were kept safe from abuse, or harm, in Fun and Breaks.

People were looked after by the right staff who knew how to give care in the best way.

Staff got training to meet people's needs.

The owner had a good system to check that Fun and Breaks gave the best service and where needed made things better.

## What happens next?

Fun and Breaks was meeting all the rules which we checked.

We will go back to check this again in the future.
